TRAINING AND PLACEMENT DEPARTMENT

Campus Recruitment Training for B. Tech IV year Students @ SMEC

It is **St. Martin's Engineering College's** customary to conduct **Campus Recruitment Training (CRT)** every year for B. Tech III year students to enhance their skills in alignment with industry requirements. SMEC offers top-notch training, utilizing the Knowledge of experienced industry professionals. This training covers essential areas such as Coding proficiencies demanded by Multinational Corporations, Communication skills, Logical thinking, Problem solving, Interview preparation, Resume building and understanding employer expectations.

The CRT - Company Specific Training sessions are conducted for all Departments, as follows:

Topics Covered:

1. Different types of Communication networks and Topologies
2. OSI Model
3. Accenture and Cognizant previously asked questions Related to Networking and Cloud

Day: Wednesday

Date: 06-11-2024

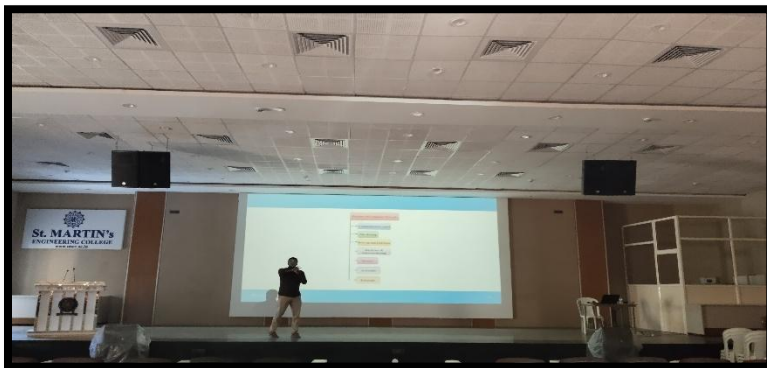

Timings: 9:20 AM to 4:40 PM

Venues: Sardar Vallabhbhai Patel Auditorium (Subhas Chandra Bose Block)

In today's live session, the trainer introduced key networking concepts, starting with different types of communication networks, such as LAN, WAN, and MAN, along with topologies like star, mesh, and ring, highlighting their uses. The session then focused on the OSI model, detailing each layer's function in network communication. To provide real-world context, the trainer also discussed networking and cloud-related questions previously asked by Accenture and Cognizant, giving students valuable insights into industry-relevant topics and expectations. On this final day, Day 15, the session concluded successfully, with students showing active involvement and engagement under the attentive guidance of faculty members

Special thanks to the management and our Group Director Sir for providing exceptional trainers and allowing us access to the auditorium, ensuring a smooth and successful process throughout.

Talks by Industry Expert to the Students:
