It is **St. Martin's Engineering College's** customary to conduct **Campus Recruitment Training (CRT)** every year for B. Tech III year students to enhance their skills in alignment with industry requirements. SMEC offers top-notch training, utilizing the Knowledge of experienced industry professionals. This training covers essential areas such as Coding proficiencies demanded by Multinational Corporations, Communication skills, Logical thinking, Problem solving, Interview preparation, Resume building and understanding employer expectations.

The CRT (Quantitative Aptitude and Verbal Reasoning) sessions are conducted for all Departments, as follows:

Topics Covered:

1. Sentence Correction and exercise
2. Time and Distance and problems
3. Directions Problems and Coding & Decoding problems

Day: Monday

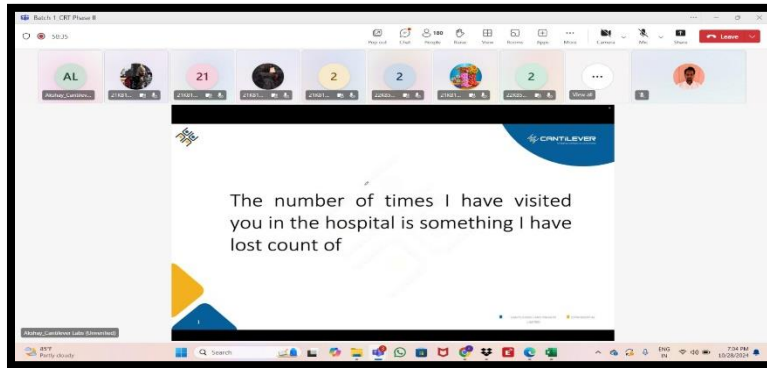

Date: 28-10-2024

Timings: 6:30 PM to 8:30 PM

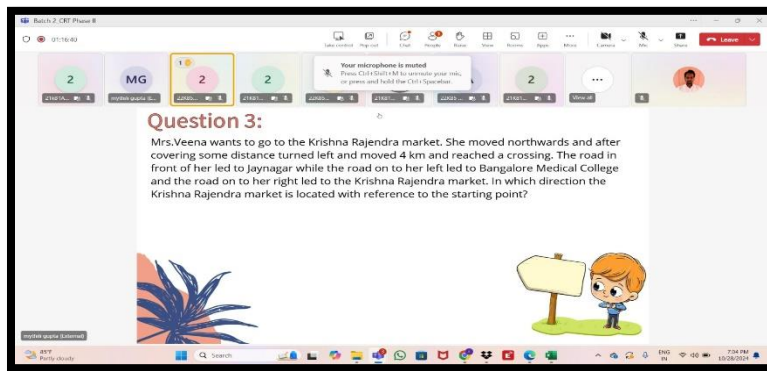

Venues: Online (Microsoft Teams)

In today's online session, trainers focused on sentence correction, guiding students through exercises to improve grammar and clarity in written communication. They also introduced time and distance concepts, working through a variety of problem types to help students apply formulas and enhance their calculation skills. Additionally, the session included direction-based problems and coding & decoding challenges, allowing students to practice logical reasoning and analytical thinking. These topics provided a balanced mix of language precision, mathematical problem-solving, and critical reasoning, fostering well-rounded skill development. With active student involvement and engagement, Day 8 successfully concluded under the Supervision of faculty members
